

For Sale

CB antenna mount for C6—\$45 each

There are 7 available and more can be made if the demand is there. These mounts have an aluminum plate that mounts under license plate in existing holes. A stainless plate then screws to the other plate and the antenna then mounts to that plate. The stainless plate can be removed with 4 screws leaving the aluminum plate in place that does not show.

To purchase or get additional information, contact George Robinson at 650-592-3575 (office), 650-508-8747 (home), or gar357@sbcglobal.net.
