JIM'S JOTTINGS

Just a short note to thank all who worked at our last Corvanna... especially to the S.C.A.T. members who pitched in and helped us out so willingly and so well!

We had a mishap on the way home from that event. One wheel of the trailer came off. Ron Trethan needs help to make the necessary repairs before the trailer can be towed again.

ATTENTION !

Dailey Chevrolet and another Chevrolet Co. that still extend discount privileges to NCCA members have reported that this privilege has been abused recently. From now on, you will have to show your '64 NCCA membership card to obtain a discount.
